

July 15 2010

Dear Customer,

As part of our continuing infrastructure improvement program, Aqua Pennsylvania will replace the water main on the following streets in Bristol Township, Bucks County.

New York Avenue between Cedar and Washington Avenues.
Excelsior Avenue between Pennsylvania Avenue and State Road.
Pennsylvania Avenue between Cedar and Excelsior Avenues.

The new main will increase service reliability and improve firefighting capabilities in the area. Aqua will have an inspector on the job each day to answer any questions you might have. The \$495,000 project is scheduled to begin on July 26, 2010 and will involve the installation of 8-inch ductile iron main. The new main will replace the existing 6-inch cast iron main. We expect the main installation, service transfers, street tie-ins, and final paving restoration to be completed in November 2010.

The work hours will be 7 a.m. until 3:30 p.m. daily and some Saturdays may be necessary to keep the project on schedule. Access will be provided for emergency, mail and trash service. Residents will have access to their properties. We ask that you avoid traveling through the construction zone whenever possible.

Temporary “No Parking” signs will be posted in the area of construction.

We will notify 24-hours in advance of a scheduled shutdown. **If an emergency shutdown should occur, we will restore service as soon as possible.**

If you have an emergency or concerns please contact our Customer Service Department or emergency dispatcher at 1.877.987.2782. You may also contact me at 215.659.2505 ext. 56005. Thank you for your anticipated cooperation and patience during this construction activity.

Sincerely,

Mike Staerk
Superintendent of Construction
