D. Swearing-In of New Police Officers

Township Manager McCauley asked Council for a motion to confirm the appointments of Patrick Kitchenman and John Yeiter as Police Officers for Bristol Township.

*Motion by Ms. Longhitano and seconded by Mr. Glasson to confirm the appointments of Patrick Kitchenman and John Yeiter as Probationary Police Officers for Bristol Township.*

*Motion carried unanimously 7-0.*

Judge Kline swore in Patrick Kitchenman and John Yeiter and welcomed them to Bristol Township.

Fire Marshal Kevin Dippolito gave a brief presentation to the tragic event that occurred on January 8, 2015 and to the heroic actions of Bristol Township’s fire companies, rescue squads, fire police, emergency management team and police officer who went above and beyond the call of duty during the 86 hour recovery effort.

Edgely Fire Company Chief, Carl Pierce thanked the families of all involved as well as the Bristol Township businesses that aided in the effort.

B. Presentation from the Bucks County Redevelopment Authority regarding the Bristol Pike Revitalization Area. Consideration to take Appropriate Action.

Executive Director for the Redevelopment Authority of the County of Bucks (RDA), Robert White, presented to Council the RDA’s plan to revitalize U.S. Route 13 north and south of the Pennsylvania Turnpike Bridge, more commonly known as Bristol Pike. The redevelopment area plan builds off the goals and recommendations outlined in the Township’s comprehensive plan. The plan is intended to help repair, restore and revitalize the community and the local economy as well as provide family sustaining jobs, increased tax revenues for essential local services and quality education resulting in an approved quality of life for the entire community.

*Motion by Mr. Glasson and seconded by Ms. Longhitano to approve a Resolution authorizing the acceptance of the Redevelopment Area Plan for the Bristol Pike Revitalization Area.*

*Motion carried unanimously 7-0.*

C. Report on Compliance with Consent Decree and Progress in Operation of Wastewater Treatment Plant and Collection System.

Township Manager McCauley, introduced the Township’s team working on bringing our Wastewater Treatment Plant (WWTP) and Collection System into compliance. Mark Stevens, Environmental attorney for the Township; Vanessa Nedrick, of Remington, Vernick & Beach,
engineer for our collections system; and Wayne Simpson, of the Alaimo Group, the engineer for the plant and plant operators. Also in attendance is Matt Brozena and Tom Czop from M&B who operate the WWTP.

Township Manager McCauley gave some background on the Wastewater Treatment Plant for those not familiar with the history. The former administration spent $11 million on a sewer plant, yet they still could not gain compliance with environmental regulations. The plant payroll was padded with unqualified family and friends of Bristol Township politicians who did not hold Treatment Plant Operator licenses. As a result of this mismanagement the WWTP has remained under a Consent Decree by the U.S. Environmental Protection Agency (EPA).

Mark Stevens stated that the technical reasons for the consent decree were because the WWTP was not complying with the Clean Streams Law, NPDES Permit violations, sanitary sewage overflows, failure to maintain publicly owned treatment works (POTW) and that new treatment units would need to be implemented in order to accomplish NPDES Permit compliance.

There have been seven years of interim measures and $13.1 million has been spent to date to improve the WWTP and collection system. Mr. Stevens stated that it appears that the Township is at the final steps to compliance, which is currently under negotiations with the EPA.

Vanessa Nedrick provided Council with an overview to events occurring after January 18, 2011 when the Consent Order was signed and in early 2011 the plant modernization began. In 2012 Council appointed Remington, Vernick & Beach as Sewer Engineers and shortly after that Alaimo was hired for plant evaluation. M&B Environmental was also brought on in late 2012 as the Plant Operator.

In 2013 Supervisory Control Access Data System (SCADA) installations were completed in the remaining 14 pump stations which allowed the Township to monitor the operations of all pump stations from one centralized computer.

Wayne Simpson concluded by reflecting on the improvements at the WWTP since 2011. The violations continue to decrease. In 2011 the Township had 49 violations to a total of five (5) violations at the end of 2014. In fact from July of 2014 until November of 2014 there were no violations reported. The PA DEP lifted the ban on new sewer connections that was an impediment to development. The Township secured additional capacity of 100 EDU’s as a result of the I & I maintenance work that was completed on the Township’s wastewater collection system in 2013, which will help pave the way for even more development and growth in Bristol Township!

Mr. McCauley clarified that the Township is seeking rerating of the WWTP which will enable the Township to receive additional capacity and that is based on the improvements by the team led by M&B, Alaimo, and Remington, Vernick & Beach.

Finally the goals are to have the sewer plant rerated to provide additional capacity, operate the plant with no violations and seek an end to the Consent Order which will enable the Township to run the WWTP without the EPA looking over our shoulders.
ORDINANCES AND RESOLUTIONS:

A. An Ordinance Amending Schedule XVIII (Section 191-82) of Chapter 191, Vehicles and Traffic to Establish and Enforce Two (2) Hour Parking Time Limits for Vehicles Parked on the East Side of Route 13 from Newportville to the Northern Septa Train Station Entrance and Establishing the Effective Date Thereof: Consideration to Adopt.

Motion by Mr. Glasson and seconded by Ms. Longhitano to approve an Ordinance Amending Schedule XVIII (Section 191-82) of Chapter 191, Vehicles and Traffic to Establish and Enforce Two (2) Hour Parking Time Limits for Vehicles Parked on the East Side of Route 13 from Newportville to the Northern Septa Train Station Entrance.

Motion carried unanimously 7-0.

B. An Ordinance Requiring all Persons, Partnerships, Businesses and Corporations to Obtain a Permit for any Construction or Development; Providing for the Issuance of such Permits; Setting Forth Certain minimum Requirements for New Construction and Development within Areas of Bristol Township which are Subject to Flooding; and Establishing Penalties for any Persons who Fail or Refuse to Comply with the Requirements or Provisions of this Ordinance: Consideration to Adopt.

Township Engineer, Kurt Schroeder, explained that this is a federally mandated Ordinance by FEMA. Failure to adopt and enforce the Ordinance will result in residents not being able to receive FEMA flood insurance.

John Riotto, 2160 Maple Avenue, questioned how this will affect the construction of the new schools. Township Solicitor, Randy Flager stated that the schools would have to obtain the proper permits.

Motion by Mr. Bowen and seconded by Mr. Lewis to approve an Ordinance requiring all Persons, Partnerships, Businesses and Corporations to Obtain a Permit for any Construction or Development; Providing for the Issuance of such Permits; Setting Forth Certain minimum Requirements for New Construction and Development within Areas of Bristol Township which are Subject to Flooding; and Establishing Penalties for any Persons who Fail or Refuse to Comply with the Requirements or Provisions of this Ordinance.

Motion passed by a vote of 6-1. Vice President Brennan dissented.
