**EXECUTIVE REPORT:**

Mayor Monahan stated that he will only give a report at the second Council Meeting.

An informal Presentation was given by George Weisoff President/Owner of Med-Flex, Inc., P.O. Box 357, Hainesport NJ, for a proposed medical waste processing facility located at the intersection of Frost Road & Ford Road. (Tax Parcel 05-019-078-011)

Mr. Ed Murphy spoke on behalf of the applicant. Mr. Weisoff spoke on the location of the building, the customers he services, EPA Regulations, State Regulations and the Company’s License & Insurance. Mr. Weisoff displayed the storage containers and how they were shipped. He also gave samples of the processed waste. He gave a list of what would be processed by his Company and how it is processed.

Mr. Frank Roddy, owner of three industrial buildings adjacent to the proposed site had some questions on the facility. He questioned if there would be products stored on the site. If Mr. Wisehoff would limit his use to the uses that he described, and exclude any future uses that he stated that he does not provide, such as a Pet Crematory. Mr. Wisehoff stated that most of the waste would be processed as soon as it is delivered, but there could be a time when the waste would have to wait. By law the waste must be treated within two days in the State of Pennsylvania. He also stated that he would not accept any other waste that was not presented in his report.

Mr. Doug Saire, an owner of an adjoining property questioned the security of the property and the risk to the community. Mr. Wisehoff stated that the facility would be completely fenced in and there would be security and surveillance.
BRISTOL TOWNSHIP COUNCIL MEETING
March 4, 2010 Continued

Mr. Turner spoke on the program for the disposal of needles and medication for the residents that Mr. Wisehoff is offering and that it should remain free to the residents and not charge in the future. President Pluta stated that should be discussed at the Zoning Hearing Board Meeting.

Mr. Sacco stated that if the Zoning Hearing Board does grant approval they could make these issues a part of conditions of approval and if it were to come before Council for Land Development they could also make some conditions as well.

Mr. Wiseoff stated that by law the boxes are not to be opened after they are sealed until they reach the processing plant.

Mr. Obert questioned why the wooded location was chosen to build on and not an existing building.

Mr. Wiseoff stated that it was the location of the lot that attracted the Company. He stated that the most of the existing buildings did not have enough parking for the trucks.

Mr. Schoell the Chief of the Newportville Fire Company requested to tour the Hainesport Facility to review the process for any hazards, along with his Fire Officers.

REPORT FROM PUBLIC WORKS DIRECTOR:

During the Month of February the Public Works Department took in over 1,000 phone calls. There were 462 complaints for downed trees and wires the State’s plowing and the Township’s plowing. There were 86 complaints from Mayor and Council. There were 548 total complaints for the Month of February, 243 of them were the Township’s responsibility. There are 116 complaints still open and 64 complaints were carried over from January, most of them are for potholes.

Councilman Lewis questioned if the Township has a total cost from the storms to submit to the State of Pennsylvania for reimbursement. Mr. Lawson stated that he has a running total from the storms, but does not expect to get reimbursed by the State. The State did release the Liquid Fuels money early.

REPORT FROM CHIEF OF POLICE:

Chief McAndrew stated that parking tickets were issued for vehicles that were parked in the street during the snow storms. When vehicles are in the street it makes it difficult for the snow plows to get through and it has caused accidents.
There is an ordinance to remove vehicles from the street in a snow storm and the Police will be enforcing it.
