REPORT FROM MANANGING DIRECTOR:

Mr. Bartlett stated the property that was formally occupied by Jones of New York is now going to be occupied by Este’ Lauder. They will be doing internal renovations and permits have been issued in excess of $45,000.00.

There is a Penndot project that is going to start in April on Route 413 starting at Bath Road to Route 1. It will be a 17 month project. The construction will be done in the over night hours from 6:00 PM to 6:00 AM. The Contractor has proposed an alternate plan that would drop the project down 7 months for the duration. The construction would occur during the day and a total closure of all north bound traffic for the entire period. The concern raised from the Emergency Providers was they would have to detour to Durham Road to travel. The Oxford Valley Bridge is out and will be closed until late September or early October because of that there is already a huge amount of traffic in that area.
Motion by Vice President Tarlini to send a letter to Penndot to request they start the work at Route 1. Second by Councilman Tucker.

Councilman Lewis stated that Council should wait for other options. Mr. Dippolito stated he questioned if Penndot could wait for the construction until after the Oxford Valley Bridge was opened. The Contractor was not too flexible to work with the Emergency Providers with the traffic problems. Mr. Dippolito stated he would prefer that they wait on the construction until the Turnpike Bridge at Route 413 is under construction and do it at the same time. Mr. Dippolito stated that there are less EMS runs in the evening. There were some good points as to the construction being done in the day, traffic safety pedestrian safety and construction workers safety and the noise complaints.

Vice President Tarlini amended her original motion and to request that Penndot does not start 413 project at all until the Oxford Valley Bridge is open and include the suggestions of Mr. Dippolito. Second by Councilman Tucker.

Ms. Beeman questioned if Penndot had the time to look at the economic impact this is going to have on the community. Councilman Tucker stated he would like the construction done at night because the businesses will suffer along Route 413. The Owner of Gibby’s Ice Cream on Route 413 stated he is concerned with the economic impact that the construction will have on him. He feels having the construction started in Middletown and start the construction later here once the bridge is open, would benefit his business.

Mr. Sacco spoke on the Appeal of Lexington Harrisburg L.P. in regards to the refund for the 2010 tax year. Mr. Sacco stated when a property owner appeals their assessment the School District takes the lead and obtains an appraisal so it does not make sense for the Township to incur legal fees and appraisal expenses to fight the same battle the School District is fighting. They proceed with the litigation and most of the time resolves it. Once it is signed off by the School District and the County then it will come to the Township for approval. This is the case for this property at 250 Rittenhouse Circle and the Township is the last to sign off on it. The year 2010 was reduced 60 percent of the assessed value and will be refunded. The next 2 years it will go up to about 85 percent of the current assessed value. The 2010 refund

REPORT FROM PUBLIC WORKS DIRECTOR:

Mr. Lawson stated that the Township worked every day with Patch Management from October to December trying to get all the potholes filled. The GPS printed out a report and 1,462 potholes were filled. The roads are deteriorated. The program with Patch Management went very well and through the winter the material held up. The cost was $91,000.00 for the 3 months and included the material. Mr. Lawson recommended that it would benefit the Township to bring Patch Management in every 2 months for about 2 weeks it would be an estimated $90,000.00 per year. President Pluta questioned what was allowed in the budget for road maintenance. Mr. Lawson stated around $100,000.00 a year. President Pluta questioned if part of this cost be taken out of liquid fuels. Mr. Lawson stated yes and they wanted to use as much as possible from liquid fuels.

REPORT FROM CHIEF OF POLICE:

No report was given.
REPORT FROM FINANCE OFFICER:

Mrs. Gordon stated the Auditors are in doing the 2010 Audit. The Audit should be completed by the end of the month. The Audit Financial Statements should be available by the end of April. It looks like the year will end pretty much as was budged. Vice President Tarlini questioned what the approximate number in the reserves. Mrs. Gordon stated we should be starting this year with $3,461,000.00 and the budget for 2011 includes a deficit of $1.3 million.

REPORT FROM DIRECTOR OF BUILDING, PLANNING & ZONING:

Mr. Kucher was not present for the meeting. Councilman Lewis questioned if there was an update on the problem at Spencer Drive and Stephen Avenue. Mr. Smith stated Mr. Kucher said that Aqua has agreed to take out he handicap ramp and replacement along with a couple of sidewalk panels.

REPORT FROM EMERGENCY MANAGEMENT DIRECTOR:

Mr. Dippolito stated that one of the hardest things for Emergence Management Responders is notification. The best way to do that is to go to Ready Notify PA. The website is [WWW.ReadyNotifyPa.org](http://WWW.ReadyNotifyPa.org) and you can also sign up for weather alerts and warnings that can be sent to your notification devises such as email and cell phones or home phones. This service is free and Mr. Dippolito suggested that everyone sign up for it. Mr. Dippolito stated he wanted to thank the Detectives for the investigation for an arson case that a suspect was in custody with a full confession.

OPPORTUNITY FOR RESIDENTS TO ADDRESS COUNCIL:

Mr. Girard Lykon owner of a business on Bath Road, and a member of the Bristol Township Coalition stated that their meeting last month with owners of Businesses in the Township they discussed concerns with sign permits and vending machine cost. There was a meeting with Glenn Kucher and they discussed the cost of the permits and Mr. Kucher said they can adjust some of the permit fees. Mr. Lykon stated that it is a good thing that they can work with the Township.

Mr. Ken Smith of Edgely stated that he requested something to be done about the jake brake. President Pluta stated that there are some things that are being done with that problem, but did not have an answer. Mr. Smith stated that if signs are put up it would be greatly appreciated.

Councilman Lewis stated he would like to make a motion to have the Police Department to get signs put up. President Pluta stated that he may want to hold up on the motion since the Police have taken action on this issue. Councilman Lewis removed his motion. Mr. Smith stated that the quiet community has become a truck route and maybe something can be done to re-route the trucks. Lt. Godzeiba stated he will suggest that the commercial vehicle inspectors to spend some time on Radcliffe Street.

Mr. Troy Brennan of Bristol Township questioned what the recommendation was from the Engineer for the Sewer Director Position. President Pluta stated that there was no recommendation from the Engineer.

Wayne Turner of Croydon questioned if the Administrative Code Section 1101 still applies to the Sewer Department. Mr. Sacco stated that it is still in effect. Mr. Turner stated that it should be taken out. Vice President Tarlini told Mr. Turner that being on the Transition Committee that he is aware that there are things that will be taken out and put in and changed in the Code. It is going to be rewritten with the change of Government. Mr. Turner stated that Patch Management has done a good job but they leave stone behind. President Pluta stated that they do put stone over the patch and that is something that is being looked in to. Mr. Turner stated he requested information and still has not received it. Mr. Sacco stated he has not seen the list but if it is public information he will be able to receive it.
Wes Retzler questioned why Council declined to hire Mario for the Director for the Sewer Department. President Pluta stated that is a personnel issue. Mr. Retzler requested information and he was told he would have to wait 5 days to receive it. Then he was called the same day to pick it up. Mr. Retzler questioned what the position was that the Police Department wanted to fill. Vice President Tarlini stated it was a CSO Position that is in the budget.
